Inversor de energía solar de Kosovo

Resumen

Un grupo de inversores locales e internacionales ha comenzado a construir una granja solar de 150 megavatios en la parte occidental de Kosovo, ya que el país balcánico está tratando de eliminar su dependencia del carbón. Why is the EIB funding a solar plant in Kosovo?

The EIB is providing €33 million for the construction of one of Kosovo's largest solar photovoltaic plants. The new plant will contribute to higher energy security and the phasing out of coal-based power generation.

Why is Kosovo building a photovoltaic plant?

Kosovo's Minister of Finance, Labour and Transfers Hekuran Murati said: "The signing of today's agreement for the construction of the photovoltaic plant is a landmark moment as Kosovo advances its initiatives to secure renewable energy use for its citizens.

How can the EIB support the green transition in Kosovo?

To support the green transition in Kosovo*, the European Investment Bank (EIB) has signed a €33 million investment loan for the construction one of its largest solar photovoltaic plants near Pristina - with a capacity of up to 100 MWac (120MWp).

Who is Unisolar?

Based on previous personal experiences in energy systems and having it all the necessary European qualifications for photovoltaic systems, the two co-founders established company Unisolar L.L.C., with the aim of reaching the heights of a successful business in the field of renewable energy in Kosovo and wider.
